PROFESSIONAL SUMMARY

Passionate Software Engineer with expertise in Java along with hands on experience in SQL. Proactive learner and active contributor to technical communities, with exposure to AI-driven Solutions and modern tools. Committed to driving innovation and delivering impactful software that solves real-world challenges.

TECHNICAL COMPETENCIES

OS: Windows, MS PowerPoint, MS Excel

Languages: C++ | Java | HTML | CSS | JavaScript

Framework: SpringBoot | React.JS | Next.js | Angular

Databases: MySQL

Other Interests: DSA, OOPs, DBMS, Software Engineer, MERN Stack, REST APIs, Figma, Adobe XD, UI/UX

INTERPERSONAL SKILLS

Teamwork | Good Communication | Critical Thinking | Analytical Thinking

INTERESTS & HOBBIES

Reading | Gaming | Cooking | Kabaddi

LANGUAGES KNOWN

English | Hindi

PERSONAL DETAILS

Mother's Name: Rukmani Devi

Father's Name: Nemnarayan Prasad

D.O.B: 20/08/2005

EDUCATION

Bachelor of Technology in Computer Science Engineering | Chandigarh Group of Colleges, Landan

Session: 2022-2026 | Score: 7.08 CGPA

Intermediate (BSEB) | Gaya College, Gaya

Session: 2021-2022 | Percentage: 72.60%

Matriculation (CBSE) | Gurukul Sherghati, Gaya Bihar

Session: 2019-2020 | Percentage: 81.40%

TRAINING & PROJECTS

Sorting Algorithm Visualizer

Team Size: Individual

Duration: 6 weeks

Designed and developed an interactive web-based application to visualize popular sorting algorithms. The tool provides real-time animations, step-by-step comparisons, and performance insights, helping users understand algorithm behavior, time complexity, and efficiency. Built with a focus on clean UI, user interaction, and educational clarity.

Frontend: HTML, CSS, JavaScript

C-List

Team Size: 2

Duration: 4 Weeks

Developed a centralized platform to track and analyze coding progress across Leet Code, Code Chef, and Code forces, featuring a unified dashboard, performance analytics, and goal-based progress monitoring to improve consistency and competitive programming efficiency.

Frontend: React.js, (CSS / Tailwind / Bootstrap)

Database: MongoDB

ACADEMIC ACHIEVEMENTS

- Qualified in Science Day Project Display – 2023.
- Secured selection in Smart India hackthon-2024.
- Participated in the “The Wise Quack” Workshop Organized by the CSE Department-2022.

CERTIFICATIONS

- AWS Academy Cloud Operations in 2025
- Training in Core Java from TCIL Company-2024.
- Web Designing from Great Learning in 2024.
- Google cloud completion in 2023.
- Hacker Rank certification in CSS(Basic) and JavaScript in 2023

EXTRA CURRICULAR & CO-CURRICULAR ACHIEVEMENTS

- Actively participated in programming Event in college and also other platform
